11. [REDACTED] Attempted to see William Woodruff, Senate Appropriations Committee staff, and George Murphy, Joint Committee on Atomic Energy staff, to discuss with them the OCI memorandum on the Chinese nuclear test. Woodruff was not available this afternoon and both Murphy and Conway, of the JCAE staff, were out of town. I will attempt to see them tomorrow.

12. [REDACTED] Talked with Representative Charles E. Bennett in response to his letter of 9 June 1967 to the Director in which he enclosed a resume from one [REDACTED]. I explained to Mr. Bennett that it did not look too hopeful that we would be in a position to offer [REDACTED] anything although he looked like he had excellent experience. I said that we were examining this most carefully and suggested that he not suggest that [REDACTED] contact us at this time and that within a week or ten days I would be in a position to give him word as to the next step.

13. [REDACTED] Talked to Representative Charles E. Bennett concerning his letter to the Agency of 12 June 1967 enclosing a letter he had received from Representative Rarick in which questions concerning [REDACTED] were raised. I gave Mr. Bennett some of the background on [REDACTED] utilizing the attached memorandum of 14 October 1966 to the effect that we had never had any connection [REDACTED] and his plans. I also gave to Mr. Bennett a proposed letter which he could send to Mr. Rarick. Mr. Bennett said this would serve his purposes with a few changes to make it more personal from him to Rarick.

14. [REDACTED] Met with Mr. Ernest Baynard, Staff Administrator, House Subcommittee on Government Activities, and obtained from him the Committee's findings relating to the Agency Headquarters building which along with five other Federal buildings will be the subject of a painting deficiency hearing to be held on 22 June. Copies of this material were distributed to DDS, D/Logistics, OGC, Mr. Goodwin, and [REDACTED] (Logistics Services Division) for their information. (See Journal of 13 June 1967.) Mr. Baynard feels that a likely recommendation to ensue out of this hearing would be that the Federal Government obtain painting services through direct hire with supervision being afforded by GSA.
